May Manton Patterns, 10c by mail, 12c.

PRESIDENT'S FRIEND IS THIRD RECEIVER

E. C. Duncan, of Raleigh, Appointed by Judge Pritchard in Seaboard Proceedings.

RESIGNS IMPORTANT POST

Has Been Revenue Collector Long Time, and Is Very Widely Known.

Appointed in the afternoon by Judge Jeter C. Pritchard, of the United States Circuit Court for the Eastern District of Virginia, Mr. Edward Carlton Duncan, of Raleigh, N. C., qualified last night as the third receiver for the Seaboard Air Line Railroad Company.

Mr. Duncan, who was in court at the time of his appointment, at once arranged to give bond in the sum of \$50,000 for the faithful performance of the required duties. The American Surety Company, undertaking the bond, which was executed by the resident vice-president, Captain George N. Skewitt. Mr. Duncan is a director and stockholder in the Atlantic and North Carolina Railroad, now under lease of ninety-nine years to the Norfolk and Southern. For the past three terms he has been internal revenue collector at Raleigh, having been appointed by President McKinley during his first administration. This position he will resign to-day.

By Court's Motion. Although there has been talk for some time of a third receiver, and of the unsecured creditors have indicated that they would take steps to have certain men named, Baltimore bankers being particularly active, the appointment of Mr. Duncan is entirely by the court's motion, it being argued that Mr. S. Davies Warfield, the senior receiver, is in a sense a representative of the Ryan-Blair holding, which controlled the road prior to the receivership, while Mr. R. Lancaster Williams, the other receiver, is favorable to the interests of the minority stockholders. Under the terms of the order entered in the clerk's office by Judge Pritchard last night, the only reason given for the appointment of Mr. Duncan is that of expediency. Mr. Duncan being appointed co-receiver with Mr. Warfield and Mr. Williams, who were chosen on January 23 last, the joint receivership to be in all respects subject to the terms and conditions of a first order.

Judge Pritchard spent yesterday in hearing the claims of certain of the unsecured creditors of the road, many of whom were present in person or by attorney. All three of the receivers were there with counsel. Those taking part in the hearing were Mr. J. Pritchard's chambers, being Mr. Warfield and Mr. Williams. Mr. W. A. Garrett, president of the Seaboard Air Line; Judge L. H. Watts, general counsel of the road; Mr. Samuel W. Undermyer, counsel for the Continental Trust Company; Mr. James Byrne, personal counsel for Mr. Thomas Ryan; Mr. John Skelton Williams, Hon. Eppa Hunton, Jr., Hon. A. C. Braxton, Judge L. L. Lewis, Mr. William L. Royal, Mr. Alexander Sands and a number of others. Judge Pritchard and Judge Boyd, of the United States District Court, sat with Judge Pritchard. After the adjournment of the court the receivers and their counsel were in conference in the offices of Messrs. Braxton, Williams and Eggleston until 11 o'clock. Mr. Warfield left for Baltimore last night. Mr. Williams remaining in the city.

To Prevent Disruption. Mr. Witherspoon, of Newton, N. C., submitted an application for preference in favor of J. E. Elliott, a building contractor, to whom notes are due by the road at the Farmers and Merchants' Bank in Portsmouth, to-morrow, these notes having been made dependent on prompt payment by the railroad for services rendered. Mr. Alexander Sands, or counsel for the Smokeless Fuel Company, asked for preference in favor of his company for fuel and supplies furnished. Mr. Undermyer protested that the filing of these prior claims over the heads of the receivers, meant, just what the receivership was intended to prevent, the disruption of the system. He asked that the applications be not considered and that the court would not allow all the floating debt of the road to flood in upon the receivers as preferred claims, holding that these claims should require formal notice and ample consideration at the hands of the receivers. Judge Pritchard referred the applications to the receivers for a report on the priority of the claims. To prevent litigation and for the

New Member of Commission

WILLIAM FRANCIS RHEA, of Bristol.

Judge Rhea, who was yesterday appointed by Governor Swann as a member of the State Corporation Commission, is one of the most widely-known men in the southwestern section of the State. He succeeds Hon. Henry C. Stuart, of Russell, and will assume his new duties on February 1st, for a term of six years. The position pays a salary of \$1,500 per annum.

protection of the property, a cross bill was filed on behalf of the Continental Trust Company, trustees of the first mortgage bonds of the road, through their counsel, Mr. Undermyer, a pointing the two old receivers and for holding the stock of the Seaboard Air Line in branch roads and auxiliary lines. The receivers were directed to give bond in the sum of \$10,000 each for the performance of their duties as trustees, the movement being taken with a view to preventing any disruption of the system built up by the ownership or control of branch lines.

Duncan to Resign. Mr. Duncan said last night that he would resign his position as Internal Revenue Collector of the Eastern District of North Carolina to-day, as it would be impossible for him to divide his attention to that work in view of the more important matters connected with the Seaboard receivership. He is one of President Roosevelt's closest friends in the South, and will tender him the resignation in person this afternoon. "The Revenue Department," he said, "requires a great deal of attention and work, and I hardly feel that I am capable of attending to a double duty."

Being the largest private stockholder in the Atlantic and North Carolina Railroad, now a part of the Norfolk and Southern system, and a director in that property for more than ten years, Mr. Duncan has some familiarity with the railroad work, which will serve him well in his new field. He is a thoroughgoing business man, and knows more about the physical condition of the Seaboard than any other citizen of North Carolina. Though his appointment may be attributed to the friendship of Judge Pritchard, Mr. Duncan's ability is recognized in his State, and his connection with the company hereafter will give general satisfaction.

EVERETT WADDEY DIES AFTER LONG ILLNESS

Prominent Richmond Business Man Passes Away at St. Luke's Hospital.

After an illness of several months, Mr. Everett Waddey, head of a large mercantile and manufacturing establishment which bore his name, died yesterday afternoon shortly before 6 o'clock at St. Luke's Hospital.

Though Mr. Waddey had been in bad health for some time, the end was not expected, his condition having taken a more serious turn only in the past few days. On October 26th he was stricken at his office, and since that time had not been in robust health, nor had he been able to give active attention to business matters. Although several prominent physicians were in consultation, they were unable to check the rapid progress of the disease, and following a slight operation, the end came rapidly last evening.

Mr. Waddey was a fine type of the self-made man, having begun his life as a mere boy in Richmond after the war, and by consistent industry and constant devotion, having built up a business in printing and stationery which extended over a large area of the South, and which was constantly enlarging its facilities.

Mr. Waddey began his business career early in life, having been employed as a telegraph messenger in the city, where he had been since made his home. He grew up during the exciting times in Richmond from the beginning to the close of the war. Before twelve years old he was appointed a courier during the war. Born in Thomasville, Ga., on March 25, 1853, he was the son of a physician and native of Virginia, his mother also being from this State. On the death of his father in 1857, he was brought as a child to the care of relatives in this city, where he had ever since made his home.

Mr. Waddey married Miss Carrie L. Sanders, of Louisa county, by whom he is survived with six children—Albert V. Waddey, now a civil engineer engaged in construction work in South America; Miss Helen C. Everett, Mr. Margaret, Carrie L. and David Maxwell. He is also survived by one sister, Mrs. Virginia W. Palmer, and one nephew, Mr. Woodson Waddey.

Mr. Waddey was widely known in Masonic circles, having been a past master in Jopka Lodge, No. 40, a Knight-Templar and a member of St. Andrew's Commandery, No. 13, and a Royal Arch Mason in Washington Chapter, No. 9. He was also a member of the Grand Lodge of the Confederate Veterans.

The funeral will take place from All Saints Episcopal Church to-morrow afternoon at 2:30 o'clock. The body was removed late last night from the hospital to the residence, No. 1308 Monument Avenue.

Annual Meeting Held. The annual stockholders' meeting of the Guarantee Building Corporation was held at its office yesterday. The following officers were elected: A. J. Chawling, president; William C. Camp, vice-president; George C. Jefferson, secretary; F. M. Boxley and Eric Sturdivant, trustees; J. C. Cutshaw, attorney.

The president's report showed a substantial profit for 1907, and a considerable addition to the funds of the company beyond the dividends declared to stockholders. The former board of directors was re-elected.

Addresses by some of the most prominent educators and speakers of the State will be delivered at the mass-meeting of the Richmond Education Association to be held in the auditorium of the Jefferson Hotel on Friday evening at 8:30 o'clock. The purpose of this session will be to discuss the general educational situation and to make plans for future improvement. The Hon. J. D. Eskelston, Jr., will preside, and Governor Swann and other public men will be present.

The speakers of the evening will be Dr. Edwin A. Alderman, president of the University of Virginia; Dr. George

Well-Known Man Dead

EVERETT WADDEY, who died yesterday at St. Luke's Hospital.

SYSTEM SUBJECTS CITY TO RIDICULE

President Frischkorn Calls Attention to Urgent Needs of Fire Department.

According to the report of President John H. Frischkorn, transmitted to the Board of Aldermen last night, the Fire Department last year responded to 325 alarms. January was the most critical month, for three serious fires, in severe weather, were handled. The danger of having separate fires break out simultaneously was presented as an argument for a larger and more thoroughly equipped department.

Some account is given of the more recent fires, of the Bossieus established at the Alhambra Hotel, and at the Blacker wood and coal establishment. The intelligent and faithful service of the whole command is highly commended.

Changes Recommended.

Out of an appropriation of \$101,442.23 for pay-roll and \$10,000 for expenses, eleven hundred and quarter thirteen companies are maintained. The urgent demands for increased appropriations are clearly presented. "We again repeat," says President Frischkorn, "that the department should be standardized, where practicable, with the rest of the city, so that it may be able to take on the modern fire-fighting, but if that is impossible, at least make our central division 'full paid.' Our present system subjects us to ridicule, at least, to handle the equipment at the beginning of fires, which, at this time, we have not."

Fourteen stationed men are needed to strengthen the central companies, the request being imperative.

Some Urgent Needs.

Concluding his report President Frischkorn says: "We also recommend an appropriation of \$1,500 for another assistant engineer, especially for work in the annexed territory, where, as appropriate, with recent improvements, and the duties of the chief engineer in enforcing ordinances takes nearly all of his time. The board has selected the necessary qualifications for this work, but cannot assign him to this duty until we can obtain the necessary appropriation above asked."

The secretary and assistant engineer, in charge of the records, paymaster, and who has fire duties, should be paid \$1,000 per annum, as the work is arduous, responsible and dangerous.

"We also recommend that we have acquired suitable lots in the southwestern and northeastern parts of the new annexed territory, and have funds sufficient to protect our newly-acquired citizens, but will reinforce our present department in emergencies. Of course, these stations in the annexed territory will have to be fully equipped and manned, and we will submit an estimate of our needs in this connection with our regular yearly estimates furnished the Finance Committee."

Fire Pumps on Tug.

"We recommend the installation of a fire pump on the city tug to assist us on our water front."

We have for the past twenty years recommended the purchase of a building inspector be appointed, and are pleased to know that this office has been created and a competent official selected, and feel confident that great good will shortly be noted from this much needed branch in our city government. Our department will to a certain extent be closely allied with this official, and we will in every way assist him and co-operate with him in the discharge of his responsible duties."

If the usual policy is observed this report will be printed within the next twelve months.

Arrested at Theatre.

Joe Morgan, a white man, was arrested last night for alleged disorderly conduct in the Bijou Theatre. The warrant was issued by one of the Bureau of Prisons and was executed by Policeman Tucker.

EPISCOPAL CHURCH TO ERECT MEMORIAL

A. P. V. A. Acts Favorably on Petition of General Convention Which Met Here.

At a general meeting of the Association for the Preservation of Virginia Antiquities held yesterday afternoon in the rooms of the Virginia Historical Society, much important business was transacted, a large number of members and representatives of different branches of the association being present.

Mrs. J. Taylor Ellyson, acting president, stated that owing to a misunderstanding as to the requisite number for a quorum, the action at the meeting on January 4th was invalid. She also stated that the members of the association had asked that the subject of granting land at Jamestown Island to the Episcopal Church be taken up first at yesterday's meeting.

To Erect Memorial.

Mr. Joseph Bryan stated that resolutions on this subject, offered at the last meeting, were adopted. He read them and moved that they be now adopted again. His motion was seconded by Mrs. J. Enders Robinson, Mrs. J. B. Lightfoot, Mr. W. G. Stanard, Mr. J. Alston Cabell, the Rev. Mr. Goodwin and the Rev. Dr. Mitchell.

A petition addressed to Mrs. Joseph Bryan, out of which the resolution given, signed by Bishop A. M. Randolph, chairman; Joseph Bryan and Louise L. Taylor, said:

"As a subcommittee of the general committee appointed by the General Convention for the purpose of carrying out the resolution of the said General Convention to erect a memorial at Jamestown of their visit to that spot, the birthplace of their church in America, we, the undersigned, hereby petition your association for the grant of a plot of ground of the dimensions and for the purpose hereinafter set forth. In making the petition we feel that it is not without a precedent in the records of the association, as the owners of the property, the association has granted gifts of land for the purpose of monumental history. This is a petition of the Protestant Episcopal Church in America to be allowed to erect a monument upon the spot where it was born on this continent. The monument proposed will, perhaps, require a plot of ground 100 feet in length and fifty feet in width. If the association will grant this petition, we cannot but believe that its action will commend itself to Christians of every name, and that it will earn the confidence and gratitude of the Episcopal Church throughout this land."

"The undersigned committee understands from the constitution of the A. P. V. A. that the central committee has the right of decision in connection with the matter of this petition. We, therefore, respectfully suggest, and move, that a meeting of the said committee be held at an early date as practicable, so that it may proceed at once to secure plans and to inform friends throughout the country of our readiness to undertake the work in the spring of the year, provided that this petition be favorably received and acted upon by your association. We are persuaded that our memorial to Jamestown for all English-speaking people and for all who reverence history. As the property of the Episcopal Church, that church will be for all time responsible for its care, and the Association for the Preservation of Virginia Antiquities, without additional burden of expenditure, will extend over its protection, as a part of the sacred trust committed to their keeping."

Resolution Adopted.

The acting president having laid before the general meeting of the association, without recommendation the above petition, on motion of Mr. Bryan it was resolved:

"That the petition of the committee of the General Convention be, and is hereby, granted. That a committee of five be appointed by the acting president, of whom the acting president shall be one, who shall have full power to arrange with the committee proposed by the General Convention for the location of the said plot of ground, and to arrange all terms and conditions accompanying its concession, and to represent this association fully in all respects relating to the construction of said memorial. That the president of the acting president is authorized to execute deed to said land to such trustees as may be hereafter legally appointed to sign all papers necessary to carry out the provisions of the resolutions."

Bishop Randolph asked Mrs. Ellyson to appoint her committee of five at once, so that no further delay might intervene, and so that the work projected might begin at an early date as possible. He stated that he had received letters from a number of individuals anxious to contribute to the memorial, and he wished to communicate the decision of the association and all members of the association as soon as possible. Mrs. Ellyson assured the Bishop that the committee would be appointed within a few days.

At a general meeting of the association held yesterday afternoon, the subject of the memorial to Jamestown was taken up. The association has granted gifts of land for the purpose of monumental history. This is a petition of the Protestant Episcopal Church in America to be allowed to erect a monument upon the spot where it was born on this continent. The monument proposed will, perhaps, require a plot of ground 100 feet in length and fifty feet in width. If the association will grant this petition, we cannot but believe that its action will commend itself to Christians of every name, and that it will earn the confidence and gratitude of the Episcopal Church throughout this land."

The undersigned committee understands from the constitution of the A. P. V. A. that the central committee has the right of decision in connection with the matter of this petition. We, therefore, respectfully suggest, and move, that a meeting of the said committee be held at an early date as practicable, so that it may proceed at once to secure plans and to inform friends throughout the country of our readiness to undertake the work in the spring of the year, provided that this petition be favorably received and acted upon by your association. We are persuaded that our memorial to Jamestown for all English-speaking people and for all who reverence history. As the property of the Episcopal Church, that church will be for all time responsible for its care, and the Association for the Preservation of Virginia Antiquities, without additional burden of expenditure, will extend over its protection, as a part of the sacred trust committed to their keeping."

Suits that sold up to - \$28.00 Reduced to Overcoats that sold up to \$25.00 \$16.00

That's the whole story in a nutshell, no embellishment of words, no variance of facts. Gans-Rady Clothing is the acknowledged high-class clothing of Richmond. These prices give you the opportunity of buying the best at ordinary prices. All Boys' and Children's Clothing at reduced prices, too.

TREE FELL IN FIRE; GIRL BADLY BURNED

Miss Lillie Snyder in Critical Condition as Result of Injuries Received Last Night.

In attempting to extinguish a flaming, disused Christmas tree, which tumbled over into the fireplace last night, Miss Lillie Snyder, of No. 1203 1-3 West Clay Street, was so badly burned that she may die, and Ernest Clark, a relative of the family, was seriously injured.

The accident occurred while the family group was gathered about the fire, narrating the day's affairs and experiences before retiring for the night. The old Christmas tree, which had been used for the usual celebration at Yuletide, fell, without warning into the fire, and highly inflammable as the cedar was, immediately blazed up as a great height. Members of the family sprang forward to extinguish the blaze before it could do damage, and in the following struggle Miss Snyder was terribly burned about the face, neck, chest, hands and limbs, and Mr. Clark was severely scorched about the face, neck and hands.

Dr. Russell Jones, the family physician, and Dr. Hinchman, of the city ambulance corps, were called, and both physicians worked for some time over the two sufferers.

It was stated last night that Miss Snyder is in a critical condition. Mr. Clark will recover.

BRYAN GOT THE MOST

Led All in Public Entertainment List, Only Half Expended.

William Jennings Bryan ate up the largest single slice of the appropriation for the entertainment of distinguished visitors during the Jamestown Exposition period. With \$1,500 to its credit, the committee having this particular matter in charge, reported last night that the amount actually expended was \$753.38, the balance being returned to the treasury.

Among the guests with the woman, the negro shot himself in the forehead, the ball passing through the skin. He appeared to be under the influence of dope.

HEAD OF JOSEPHITE ORDER PASSES AWAY

Very Rev. T. B. Donovan, Former Pastor Here, Dies in Baltimore.

News has been received here of the death in Baltimore on Monday of the Very Rev. Thomas B. Donovan, superior of the Josephite Order in the United States, former pastor of St. Joseph's Catholic Church, of this city. Father Donovan was widely known, and very popular in Richmond, where during his residence he made hundreds of warm friends and admirers. The Josephite Order works among the colored people, and St. Joseph's Church here is for the negroes, though many white people attend it. He was held in high esteem by Bishop Van de Vyver of this diocese. From Richmond Father Donovan went in 1899 to Staten, Del., where he took charge of an industrial school for negroes.

Later on account of his marked ability and his great piety, he was made superior or head of the entire order. The funeral will take place in Baltimore to-morrow morning at 10 o'clock with solemn requiem mass.

COMPROMISE REACHED

Dunlop to Be Secretary and Dabney Business Manager of Chamber.

A compromise satisfactory to all has been effected in the matter of the secretaryship of the Chamber of Commerce, and the result is generally regarded as being most auspicious. Mr. R. A. Dunlop, it is expected, will remain as secretary with the office duties which he now performs, and such others as shall be prescribed by the board of directors. Mr. W. T. Dabney will be made the business manager with certain duties to be more fully defined by the board.

A conference of representative members of the chamber, among whom were most of those who took an active part in the discussion on Thursday night, was held yesterday, and a practical agreement was effected in the matter of the compromise satisfactory to the friends of both Mr. Dunlop and Mr. Dabney. The apparent breach of the chamber, it is claimed, has been entirely healed, and with the two vigorous officers, who under this agreement will work in entire harmony, material development may be expected.

A general meeting will be held on Thursday night, besides concluding the election of officers, the chamber will be called upon to act on certain recommendations for changes in the charter, submitted by a special committee, and to agree on a new schedule of fees which has been proposed.

TO HAVE NEW TRIAL

Appeal of Accused County Negroes Is Sustained.

The Supreme Court of Appeals announced yesterday that a new trial would be granted to Uzile, Burton and Conquest, three negro men now in the Hampton Jail, convicted in the lower court of rioting in Accomac county in August of last year. The cases were appealed from the Circuit Court of Accomac, Judge Blackstone, on several grounds, one of which was that a change of venue should be granted. The court sustained the appeal. A written opinion will be handed down later.

Died From Natural Causes.

Coroner W. A. Deas, of Henrico county, held an inquest yesterday afternoon over the body of Eliza Walker, a colored woman, found dead near her home at Cur's Neck on Saturday. The jury reached the conclusion that death resulted from natural causes.

WILD NEGRO FOUGHT POLICE LIKE TIGER

Attempted to Shoot Girl and Tried Suicide—Clubbed Into Submission.

After he had attempted to shoot Sarah Stewart, the girl of his choice, and then tried suicide, William L. Scott, a desperate negro of Fairmount, was subdued yesterday afternoon by five police officers—Sergeant McMahon and Policemen Smith, Bradley, Jordan and Jones—but not until he had resisted in a terrific struggle to regain his freedom.

Declaring that he would marry or kill her, Scott entered the house at No. 1018 North Twentieth Street, where the girl was staying with a friend, and proceeded to put his intention into effect. Lizzie James, occupant of the house, drove him from her doors, and in the street the man and woman grappled, the one intending murder and the other striving to save her life. Sarah managed to break away from Scott's clutches and commenced to run. The negro stood in the middle of the road, and pulled the trigger of his revolver three times, but without success. Then he started in pursuit, but the girl ran into the home of Z. W. Brauer, living at the corner of Zairmount Avenue and Mechanicville. Scott's house, and immediately arrested him. With all the savagery of a heathen, Scott fought and struggled with the policemen, daring them to strike him or to search him. The revolver was found in his possession, and the negro was hurried into the patrol wagon, which had by that time arrived. Still struggling and cursing the officers, the negro was taken away. Before he had reached the First Police Station he had to be clubbed into submission.

During the melee with the woman, the negro shot himself in the forehead, the ball passing through the skin. He appeared to be under the influence of dope.

WANTED TO DIE; SHOT HIMSELF IN HEEL

Negro Attempted to Commit Suicide Because Sweetheart Refused to Wed Him.

Because his sweetheart refused to wed him, Willie Carter, a young negro living at 222 North Jefferson Street, yesterday evening attempted to commit suicide by shooting himself in what is recognized as the most vulnerable portion of his anatomy. The bullet ranged down in the calf of the leg, and his attempt failed of execution. Lucius Jones, the apple of Carter's eye, immediately fled the scene.

Carter was attended by Mr. Hinchman, of the city ambulance corps, who dressed the wound and left the Nubian lover at his home.

RICHARDSON FOR MAYOR

Friends Say He Will Formally Announce His Candidacy To-Day.

The statement was made in the Council Chamber just before the meeting of the Chamber last night that former Commonwealth's Attorney David Crockett Richardson would issue to-day an announcement of his candidacy for Mayor of Richmond.

When the formal statement is forthcoming, it will not be a surprise, for it seems to be generally understood in political circles that Mr. Richardson will enter the race. It is a matter of public knowledge that he is prepared to show the public and his friends just where he will stand in the campaign.

TO DEEPEN CHANNEL

Congress Urged to Make More Liberal Appropriation for the James.

At its meeting last night the Committee on James River Improvement adopted resolutions urging Congress to make more liberal appropriations for deepening the channel between Richmond and the sea, the estimates of the Chamber, presented by Messrs. Morris, Freeman, Starke and Funtz. The special committee appointed to devise a more systematic plan for improvements will report later.

Teachers to Meet. There will be a meeting of the Teachers' Co-Operative Association at 8 o'clock to-morrow. Important matters will be considered, and Mr. E. H. Russell, district examiner, will make a talk on the "Professional Reading Course."

LUCK HEADACHE
